ing the convention. I have attended a number of national conventions in the past and the change was remarkable.

"It is not the intention of the Anti-Sa-"It is not the intention of the Anti-Saloon league to start out with a demand for absolute prohibition. That can only come by the will of the peopre after they have experimented with local option and an experience of the beneficial results which obtain from a regulation of the liquor traffic. The politician which we fear most is the one who shouts, 'Oh, let's go in for absolute prohibition.' We have found out that such a cry is merely an effort to split our forces and that the politicians who make it are not for prohibition. They are so wet they are web-foot-They are so wet they are web-foot-What we do desire is a law providing county local option and this is what league is going to try to get in Utah other western states."

Saloons Seek a Haven.

Mr. Baker gave as his opinion that the increase in the number of saloons throughout Utah, Idaho, Montana, Nevada and New Mexico is because the regulation of the saloons in the adjoining states has forced them out of their form - locations. He instances the fact that there has been a decided increase in the number of saloons in Washington, D. C., due to the general spread of prohibition throughout the south.

Mr. Baker will be met here by E. E. McLaughlin of Colorado, C. E. Hellman and J. H. Taylor of Idaho, W. E. Havens of New Mexico and W. G. Groom of Butte, Mont., all of whom are prominent in the ranks of the Anti-Saloon league. These gentlemen will discuss thoroughly the plans under which they will work and will formulate a plan of campaign for the entire western country.

Sour Stomach

Belching of gas, sour risings in the throat, pain after eating, a general feeling of heaviness, irritability, these are conditions which Dr. Williams' Pink Pills correct.

"I had a distressed feeling after eating, often followed by terrible vomiting spells," says Mrs. William Duelly, of 43 Lucas avenue, Kingston, N. Y., "and became subject to deathly sick headaches. I was constantly belching gas in my efforts to relieve my stomach. I was in this condition for nearly three and a half years, although I tried a number of doctors. I was discouraged with them all, when I read about Dr. Williams' Pink Pills. A few boxes helped me wonderfully. I continued their use until cured and have had no signs of stomach trouble since."
